

Booklist 2009-2010

Please do NOT order any books until you have read all the guidelines on this page.

IMPORTANT GUIDELINES – Read very carefully BEFORE purchasing!

- We have arranged for all books to be made available through *studysource.com*, an online book vendor for *Budgetext*, beginning July 6th. This vendor specializes in used books and will offer used whenever they have a copy in stock. If no used copies are available, new books will also be available.
- In late June, letters with instructions on how to use *studysource.com* will be sent. These letters will include your account information; information that will allow you to access your student schedule and the corresponding books online. The easiest way to make sure all books are purchased is to check this list through *studysource.com*. At the time of the late June mailing the finalized booklist will be posted on the BTA website.
- Look over the entire list of books for your student's schedule. See if you already own some (make sure the ISBN matches).
- Please make sure you use the given ISBN's, versions matter!**
- While you do not have to order your books with *Budgetext*, BTA does receive a percentage back on all purchases made through *Budgetext*. Additionally, the company supplies the school with book scholarships and buys back books that are no longer a part of our curriculum.
- ORDER BEFORE AUGUST WHENEVER POSSIBLE. *Unless noted otherwise, please have books in possession by the start of school, which means they need to be ordered at least 2-3 WEEKS BEFORE school starts. The school will not make copies for students without books and this year teachers will check to see that students have the required materials within the first week of classes. "But we ordered the book" will not be a reason for a teacher to excuse an assignment or make copies for students.***
- Thank you for helping us get our students ready for next year!!
